

# Eternal Youth: The Philosophy of Renewal

## The Courage to Return to White

My studio is often silent. For the past eight months, I have painted, erased, and painted again. There were mornings when I would cover a nearly finished canvas in white. It was not a failure, but a ritual.

Just as the Ise Shrine is rebuilt every 20 years to remain eternally young, my work must undergo destruction to find its true form. This is "Tokowaka" (Constant Renewal).

What you see in this book are the survivors of that silence.

## **The Quiet Anchor (Size S15)**

Unlike overwhelming large-scale works, the S15 size (65.2 x 65.2 cm/ 25.7 x 25.7 inches) does not dominate the room. Instead, it acts as an "anchor."

It is perfectly proportioned to serve as a meditative focal point above a console table (approx. 100-120cm wide) or a solitary lounge chair. Its disciplined repetition centers the energy of the space.

Title: " ETERNAL YOUTH " 《 7.8.1 》

Size: S15 (65.2 x 65.2 cm / 25.7 x 25.7 in)

Medium: Acrylic on Canvas

Price: \$1,800 USD

Note: Named after the date of the lunar calendar

## Rhythm of Time (Size S6 Triptych)

In this series, no two waves—and no two days—are ever the same. The subtle tonal shifts between these three pieces represent the passage of time.

For wider walls, we recommend displaying the S6 size (41.0 x 41.0 cm/ 16.1 x 16.1 inches) as a set of three with wider spacing (15-20cm). This creates a panoramic narrative, allowing each "day" to stand on its own while harmonizing with the whole.
